## Work Experience

- **Graphic and Motion Designer** ----- **Freelance / Japan / Jan 2024 - Present**
  - Create graphic and motion design works using Illustrator and After Effects, upload them to stock sites, and continuously explore and develop a wider range of design styles
- **Web Designer** ----- **Eixia Next co., Ltd. / Japan / Aug 2019 - Oct 2022**
  - Work closely with directors and engineers to understand clients' needs and faithfully follow their design direction and design system, ensuring the design aligns with their objectives and requirements
  - Manage multiple projects simultaneously, delivering works within tight deadlines while maintaining quality
  - Pay close attention to details, ensuring design elements such as font visibility, colour, and margins meet high standards, with a foundational understanding of HTML and CSS
  - Maintain close communication and alignment within the team, both in-person and remotely, to ensure a smooth and efficient workflow
- **Intern at Printing Agency** ----- **E colours Printing / Malaysia / 2017 - 2018**
  - Occasionally assisted at a printing services office in Malaysia, helping with various tasks, such as designing business cards. Gained understanding of the printing process and different types of paper
- **Intern at 3D Printing Agency** ----- **Nazca Scientific Sdn. Bhd. / Malaysia / Oct 2017 - Dec 2017**
  - Worked closely with engineers, maintaining clear communication
  - Assisted in teaching 3D CAD workshops for elementary school students
  - Participated as exhibition staff and explained 3D printing to visitors
- **Sale and Customer Service** ----- **Uniqlo Co., Ltd. / Japan / Oct 2014 - Oct 2015**
  - Ensured smooth workflow by communicating effectively with team members and making sure customers were never kept waiting
  - Welcomed customers warmly with hospitality and maintained a clean environment

## Education

- **Google UX Design** ----- **Online / 2024 - 2025**
  - Online course of UX design education
- **Vocational Education** ----- **Japan / Jun 2023 - Dec 2023**
  - Gained practical knowledge of product manufacturing processes and developed skills in using 2D/3D CAD software
- **Staffordshire University / BA(Hons) Product Design** ----- **Jan 2016 - Mar 2019**
  - Degree issued country: United Kingdom
  - Teaching institution: Asia Pacific Institute of Information Technology, Malaysia
  - GPA 3.75/4.00, First Class Honors
  - Learn about skills related to product design and design fields: researching, sketching, mock up model making, and software related to design
- **High Tech High Media Art** ----- **US / Aug 2013 - Jun 2014**
  - Studied at high school as an exchange student, gaining valuable international experience and broadening cultural perspectives
